

**Community Crime Prevention Grant  
May 16, 2012**

The objective of the 2012-2013 Community Crime Prevention Grants is to reduce crime in Marion County by funding programs which provide direct services to individuals who have demonstrated a propensity to commit crimes.

Priority will be given to projects that:

1. Clearly define target population of youth and/or adults who have demonstrated a criminal behavior
2. Propose an intervention with a demonstrated track record of success
3. Priority will be given to projects that can measure impact, including some of the CCPG Indicators:
  - o Reduce recidivism (conviction for a new crime and/or violation of terms of supervision)
  - o Decrease arrests
  - o Increase employment and job retention among target population
  - o Decrease substance abuse among target population
  - o Increase connections to family, friends, and mentors among target population
  - o Increase volunteerism among target population
  - o Increase positive connections to school and community among target youth
  - o Increase youth protective skills among target population (such as conflict resolution, anti-bullying, and drug/alcohol resistance skills)
